

# SmartLink 700

## Upload Download tool for Tablets & Smartphones

HKC are pleased to announce the launch of an enhanced SmartLink700 App for Apple and Android Tablets and Smartphones. To download, visit the App Store or Google Play and download the SmartLink700 App\*.

Note: To install the App you need to be an approved SmartLink700 licensee registered with HKC.

### Features:

- Simple to use and compatible with Android and Apple Smartphones and Tablets.
- The easy to use App means a laptop is no longer required to use SmartLink700.
- Firmware upgrade of panels and communicators supported via SmartLink700 App.
- Existing customers in SmartLink700 can be imported easily to SmartLink700 App.

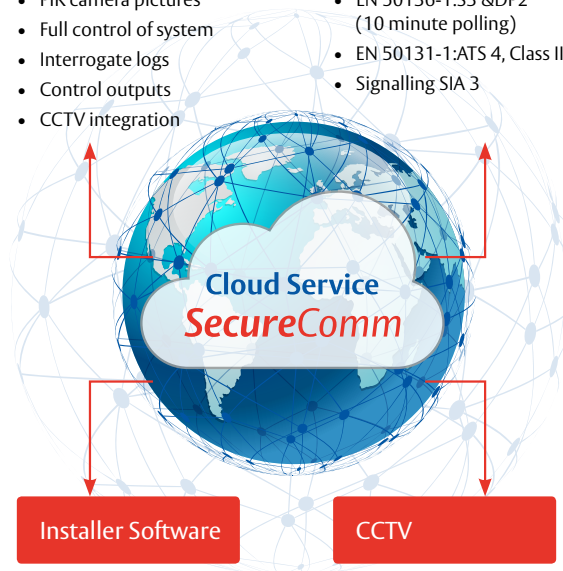

\*Connection to panel is only supported via SecureComm.

#### End User App

- Push alerts of alarms
- PIR camera pictures
- Full control of system
- Interrogate logs
- Control outputs
- CCTV integration

#### ARC Monitoring

- Dual path, Grade 3
- EN 50136-1:S3 & DP2 (10 minute polling)
- EN 50131-1:ATS 4, Class II
- Signalling SIA 3

#### Installer Software

- PC software
- Connect via internet
- Panel programming
- Configure devices
- Remote maintenance
- Engineer app

#### CCTV

- Support multiple types of CCTV
- Cameras linked to zones
- 60 seconds footage on alarm
- Live stream cameras
- No cabling required

# SecureComm

## IP Reporting - EN Grade 3

SecureComm offers the option of Grade 3 signalling to Monitoring Centres/ARCs. IP signalling is provided to the Monitoring Centres/ARCs using any of the following HKC communication modules - GSM-SC, GSM-WiFi, LAN Card and WiFi Card (Wifi only).

It is simple to set up and allows fast and efficient communication from the Alarm Panel to the Monitoring Centre/ARC.

### Features:

- Easy to set up, simply select the ARC and the service level required.
- Delivers Grade 3 signalling via a choice of communication devices GSM-SC, GSM-WiFi, LAN Card and WiFi Card.
- Selectable polling options dependent on property type and risk.
- End User Smartphone App, SMS and Voice dialing also supported when IP reporting is enabled.

	Single Path	Dual Path
Reporting Time Classification	T3	T3
ATS Value	ATS 4	ATS 4
Environmental Class	II	II
Availability	A1	A3
EN 50131-1 Grade 3 Signalling	Yes	Yes
BS 8423 & PD 6662	Yes	Yes
EN 50136-1	SP3**	DP2**

\*\* SP3 and DP2 when you select 10 minute polling in the HKC portal
